

# Seminar Program 2019 English Certification Program

Treat difficult diseases with confidence - learn with Dr. Thomas Rau

## DR. RAU'S BIOLOGICAL MEDICINE

**ENGLISH CERTIFICATION PROGRAM** 

The program is divided into 7 modules consisting of 2 days each. One of which we provide as online seminars, and the remaining 6 as in-person teaching seminars. The seminars can be attended in any sequence.

#### What's after the program

After attending the 7 seminars you will receive a Certificate for Biological Medicine, which enables you to become a Swiss Biological Medicine Teaching Clinic associated practitioner and be part of the international network.

Further, benefits after the certificate:

- you are able to practice Biological Medicine in your own practice
- you will receive much practical advice from Dr. Thomas Rau
- you have the chance of an internship at the SBM Teaching Clinic by Dr. Rau

#### For whom

Experienced healthcare professionals such as doctors, dentists, naturopathic doctors, therapists and laypeople interested in learning Biological Medicine.

#### Facts

Each seminar is CHF 750.00
The online seminar is CHF 95.00
If you book all seminars Module 1-6 together, the online seminars is free.
Seminar materials, lunch and the certificates are included in the seminar fee.

Dr med Thomas Rau

More information about each module you will find at:

www.swiss-biomedicine.com

You learn how to examine, test and identify causes, symptoms and patterns of disorders and apply proven therapy concepts. Learn to treat causes, not only suppress symptoms – and to treat individuals, not only diagnoses!

We teach you how to restore the power of natural systems from within – cell by cell. Both scientific and radical, this approach will help you in your home practice, especially with difficult cases of chronic and degenerative disease.

## **DATES 2019**
